What it is

Financial planners help people manage money across investments, taxes, retirement, insurance, and estates. Personal financial advisors earned a **median of \$105,070** in 2025, according to the Bureau of Labor Statistics. The six courses satisfy the **education requirement** for CFP® certification; the exam, experience, and ethics requirements complete it. Open to any major, and full-time on-campus undergraduates add it in myGPS at **no additional tuition**. Every course requires **60 completed credit hours**: most students start as juniors, and students with AP or dual credit can often start as sophomores.

The six courses

The certificate takes **four of the plan's ten electives**, five with the recommended FIN 357. FIN 410 and FIN 359 count toward the major, with FIN 359 filling the choose-one the posted plan shows in senior fall. **FIN 490 (SIE)** ✓ fills one of the three FIN 400-level slots. ACC 457's tax prerequisite is waived for certificate students, so ACC 407 and ACC 457 can share a term.

Three things to know

1. **It is free and it fits.** Four electives, and FIN 410 counts as soon as the certificate is added in myGPS.
2. **Take FIN 358 in a fall, and never leave it for last.** It has no second term and no substitute, so a student who starts in senior spring, or reaches that term without it, cannot finish before graduating (Executive Education afterward costs \$895 a course).
3. **Round it out inside the degree.** FIN 357 adds the planning side of investments to FIN 410, and FIN 490 (SIE) prepares students for the SIE exam while counting toward the major.

After the certificate

- Students can sit for the CFP exam as soon as their completion is reported. The experience requirement (6,000 hours, or 4,000 through an apprenticeship) and the bachelor's degree can both be finished after the exam.
- Licenses depend on the job: Series 65 or 66 for RIA roles; SIE, Series 7, and 63 or 66 for broker-dealers; state life and health for insurance. We **recommend the SIE** for every student (it is not required for the CFP); Finance majors can prepare for it in **FIN 490 (SIE)** ✓.

Terms. Free elective: any course the student chooses that counts toward graduation hours. SIE: Securities Industry Essentials, FINRA's entry-level exam.
