## What it is

Financial planners help people manage money across investments, taxes, retirement, insurance, and estates. Personal financial advisors earned a **median of \$105,070** in 2025, according to the Bureau of Labor Statistics. The six courses satisfy the **education requirement** for CFP® certification; the exam, experience, and ethics requirements complete it. Open to any major, and full-time on-campus undergraduates add it in myGPS at **no additional tuition**. Every course requires **60 completed credit hours**: most students start as juniors, and students with AP or dual credit can often start as sophomores.

## The six courses

| Area         | Course                                        | Offered                                   | For a Marketing major |
|--------------|-----------------------------------------------|-------------------------------------------|-----------------------|
| Fundamentals | <b>FIN 350</b> (or ACC 356, if already taken) | Fall, spring                              | free elective         |
| Tax          | <b>ACC 407</b> or <b>ACC 357</b>              | ACC 407: fall, spring. ACC 357: fall only | free elective         |
| Investment   | <b>FIN 357</b>                                | Spring only                               | free elective         |
| Estate       | <b>ACC 457</b>                                | Fall, spring                              | free elective         |
| Retirement   | <b>FIN 358</b>                                | Fall only, no alternate course            | free elective         |
| Capstone     | <b>FIN 359</b>                                | Fall, spring; taken last                  | free elective         |

FIN 410 also satisfies Investment but requires ACC 301, which is not in the Marketing plan, so FIN 357 is the investment course.

## The posted four-year plan, with the certificate on top

**Roadmap course**   **Counts for roadmap and major** ✓   Major requirement   UK Core, *electives*   *Italic = recommended*   **One term only**

The certificate takes **six of the plan's ten electives**, and four stay open. ACC 457's tax prerequisite is waived for certificate students, so ACC 407 and ACC 457 can share senior fall.

## Three things to know

1. **It fits in the electives.** Six of ten, with four still open.
2. **Take FIN 358 in a fall, and never leave it for last.** It has no second term and no substitute, so a student who starts in senior spring, or reaches that term without it, cannot finish before graduating (Executive Education afterward costs \$895 a course).
3. **Plan FIN 357 for a spring before the last term.** It is the only investment course open to Marketing majors and runs only in spring, and FIN 359 comes after it.

## After the certificate

- Students can sit for the CFP exam as soon as their completion is reported. The experience requirement (6,000 hours, or 4,000 through an apprenticeship) and the bachelor's degree can both be finished after the exam.
- Licenses depend on the job: Series 65 or 66 for RIA roles; SIE, Series 7, and 63 or 66 for broker-dealers; state life and health for insurance. We **recommend the SIE** for every student: it needs no sponsoring firm and is not required for the CFP.
- Get involved: the Finance Society's Financial Planning Pathway.

**To add the certificate:** talk with an advisor, then myUK → myGPS → My Program of Study → Request a Major Change → Add a Major, and search for Financial Planning. Details: [gatton.uky.edu/certificate-financial-planning](http://gatton.uky.edu/certificate-financial-planning), or scan the code at top.

**Terms.** Free elective: any course the student chooses that counts toward graduation hours. SIE: Securities Industry Essentials, FINRA's entry-level exam.
