What it is

Financial planners help people manage money across investments, taxes, retirement, insurance, and estates. Personal financial advisors earned a **median of \$105,070** in 2025, according to the Bureau of Labor Statistics. The six courses satisfy the **education requirement** for CFP® certification; the exam, experience, and ethics requirements complete it. Open to any major, and full-time on-campus undergraduates add it in myGPS at **no additional tuition**. Every course requires **60 completed credit hours**: most students start as juniors, and students with AP or dual credit can often start as sophomores.

The six courses

Area	Course	Offered	For an Accounting major
Fundamentals	FIN 350	Fall, spring	free elective
Tax	ACC 407 ✓	Fall, spring	fills the ACC 403/407/418 choice
Investment	FIN 410 or FIN 357	FIN 410: fall, spring. FIN 357: spring only	free elective
Estate	ACC 457 ✓	Fall, spring	counts as an ACC 400-level course
Retirement	FIN 358	Fall only, no alternate course	free elective
Capstone	FIN 359	Fall, spring; taken last	free elective

ACC 356 and ACC 357 do not count toward the Accounting major, and ACC 357 cannot follow ACC 407, so Accounting majors should use FIN 350 and ACC 407.

Roadmap course **Counts for roadmap and major** ✓ Major requirement UK Core, *electives* *Italic = recommended* **One term only**

The certificate takes **four of the plan's eight electives**; ACC 407 and ACC 457 count toward the major. Junior spring has no elective, so FIN 410 (both terms) is the natural investment course; FIN 357 works only if a spring elective opens before the final term.

Three things to know

- It counts twice.** ACC 407 fills the major's tax choice and ACC 457 counts as an ACC 400-level course, so the whole certificate costs four electives.
- Take FIN 358 in a fall, and never leave it for last.** It has no second term and no substitute, so a student who starts in senior spring, or reaches that term without it, cannot finish before graduating (Executive Education afterward costs \$895 a course).
- It fits the CPA path.** Students working toward the 150-hour CPA requirement can count the certificate's hours toward it and leave with a second credential.

After the certificate

- Students can sit for the CFP exam as soon as their completion is reported. The experience requirement (6,000 hours, or 4,000 through an apprenticeship) and the bachelor's degree can both be finished after the exam.
- Licenses depend on the job: Series 65 or 66 for RIA roles; SIE, Series 7, and 63 or 66 for broker-dealers; state life and health for insurance. We **recommend the SIE** for every student: it needs no sponsoring firm and is not required for the CFP.
- Get involved: the Finance Society's Financial Planning Pathway.

To add the certificate: talk with an advisor, then myUK → myGPS → My Program of Study → Request a Major Change → Add a Major, and search for Financial Planning. Details: gatton.uky.edu/certificate-financial-planning, or scan the code at top.

Terms. Free elective: any course the student chooses that counts toward graduation hours. SIE: Securities Industry Essentials, FINRA's entry-level exam. ACC 403/407/418 choice: the major requires one of these three courses. ACC 400-level: the upper-level accounting courses the major requires.
